PATENTS.

AMERICAN AND FOREIGN OFFICE,

And Agency of the U S Patent Office, Washington,

22 State Street—Boston.

THE subscriber, by appointment from the Commissioner of Patents is Agent of the U S. Patent Office for receiving and forwarding to the same, models specimens or manufactures to be patented, or deposited therein, which will be sent *free of expense and risk* and with despatch He will prepare Caveats, Specifications, Assignments, and all the necessary Papers and Drawings for Patents, will make researches into American and Foreign works, to test the validity of inventions, and render advice on legal and scientific matters respecting the same. Patents secured in Europe and other countries

By application at this office, inventors are saved the time and expense of a journey to Washington and delay there, as well as all personal trouble in obtaining their patents They also have the advantage of *verbally* explaining their inventions and of consulting in respect to them, *matters, in general, of paramount importance in order to obtain correct specifications and claims* The experience of *sixteen* year's practice, an extensive collection of rare works, drawings, &c, on mechanical subjects, the Patent Laws, and patents of different countries, collected at much expense during the long time this office has been established, together with accounts here kept of inventions patented at Washington, enable the subscriber to afford to inventors desirous of procuring Patents, assistance and information which in other respects might be difficult of attainment

An Invaluable Remedy

FOR Fever Sores Rheumatism, Swelling of the Feet and Limbs Swelling of the Tonsils or Sore Throat, Chronic Eruptions of the Skin, and all Scrofulous Diseases Rigid Cords occasioned by Colds or Strains Stiff Neck Chilblains or Chapped hands, Sore or Inflamed Breast, Weakness or Pains in the Stomach, Piles Corns Warts and Common Sores and Cuts and Bruises of all kinds

In bringing this article before the Public we are aware that we labor under no small disadvantage amidst the multitude of All Healing Ointments" and 'Panaceas that are now advertised as the *"most Infallible"* and *certain cures* for all diseases indiscriminately to which man or animals are subject

A history of this Salve, and the wonderful cures it has effected in the above complaints, will be found in a pamphlet accompanying each Box—a reference to which is invited before purchasing

We would only add that we have undertaken the task of manufacturing the above named Salve at no inconsiderable trouble and expense, not so much as a matter of speculation and pecuniary benefit as in compliance with the earnest and repeated solicitations of personal friends and those who have experienced its wonderful medicinal and all healing properties

To say indeed, that we do not expect to realize a handsome remuneration for our services, would be alike useless and untrue But we flatter ourselves that it, forsooth, we are richly paid, and the article soon, very soon, has an extensive sale—the Public are receiving a full and ample equivalent

As we have already intimated we do not and shall not call to our aid the empty *puffing of the Press,"* or the 'bought certificates" of individuals, and shall make use of them only so far as they have been or hereafter may be, entirely *voluntary* and *unsolicited*

The Salve is now before the Public!

They, and they alone, will decide upon its real virtues and medicinal properties to say less, were injustice to ourselves—to say more would be superfluous

Here are some of the many Certificates—

The subscriber was afflicted with a Fever Sore upon his leg for about six years, and in the winter of 1845 it commenced swelling from the ankle to the knee After using many remedies without success I applied some Salve obtained of Mr A M McKenny and continued its application until I had used six bottles, which entirely cured me and I have had no return of the disease since I would also say that I know the above Salve to be a cure for CORNS, one of my family having used it for this purpose with complete success

DANIEL SEAVEY

Dexter (Maine) May, 1846

Thus certifies that one of my sons having been afflicted with a Fever Sore for more than a year and having tried various means to effect a cure without success which cost me about forty dollars, I bought 14 oz of JONATH Y McKENNEY'S SALVE which effected an entire cure in less than two months SIMEON MARSTON

Gray, May 11, 1846

[illegible]oon, June 5, 1846

Mr McKenney —In going into the woods in the autumn of 1845 with the charge of quite a number of men, for the winter lumbering operation, I was induced to take a few bottles of your Salve, it having been recommended to me as one of the best remedies for accidental Cuts and bruises, and I found indeed, to my great satisfaction, that it was an invaluable article. I also made application of it in cases of Cuts, Sprains and Bruises upon my cattle, and found it equally beneficial It can truly be called the All Healing Salve

—That the future meetings of the City Council be on the last Monday of each month at half past two o clock P M until otherwise ordered

—That an abatement of 6 per cent be made on all taxes committed to the Treasurer and Collector during the present municipal year, which shall be voluntarily paid to said Treasurer and Collector within one month after such commitment, and that an abatement of four per cent be made on all taxes so paid within two months after such commitment, and that the Treasurer and Collector be, and he hereby is directed to make the abatements aforesaid on all taxes paid within the periods above named

Ship Building.

Maine is the greatest ship building State of the Union, and yet she has no advantages for the business, except her sea coast She produces now little or nothing but the spars, for the great number of vessels which she annually creates It is a notable illustration of enterprise, this fact that Maine has become so distinguished in ship building, and is every year increasing greatly in the business, while she is compelled to draw the Oak which she uses from Virginia, and the Pine from Georgia and the Carolinas

We have heard it stated that at this moment the ship builders of Bath have a thousand men at work in Virginia, getting out Oak timber, and as many more in Georgia getting out Pine There is a party organized in the country, called the Land Reform party, the principle of which is that no individual shall own more than a limited quantity of land Let these Reformers be warned against these down east ship builders. In the business which is growing up largely and rapidly beneath their hands, they threaten to monopolize all the valuable timber lands of the South They are too ambitious to buy the timber of the Southern owners, but they buy up all the lands, send out yankees to cut the trees, and run the saw-mills which they erect on the spot, and then send their own vessels to bring the timber and plank to their ships yards away down east. Are our southern friends aware that it is no longer the Cotton Lords of Massachusetts which they have to fear but the democratic ship carpenters of Maine are getting possession of their soil, and becoming in the midst of their towns and villages, a great landed aristocracy, a non-resident aristocracy, the most odious in the world, carrying abroad all the income and profit of the soil and draining away the life blood, even as the English landlords have done to Ireland.

[...] were built in Maine in the year ending June 30, 1848, *four hundred and twenty eight* ships, barques and brigs, to the aggregate amounting to nearly 90,000 tons

Notwithstanding the immense amount of new tonnage which has been built in Maine and other States during the last two years, the master ship builders have made little or nothing and some of them, indeed have lost heavily, the demand for labor having been so much greater than the supply that the wages of the workmen have absorbed all the profits of the business The present season they have made their contracts, based on this high price of labor, and we learn that within a week or two such has been the influx of journeymen ship carpenters from Europe and from the British provinces, that wages have fallen from $2 and $2,50 a day to $1,50 and $1 25 This will enable many of the master ship-builders this year to make up the losses of last year, and the year previous —[Newburyport Herald

There are some statements in the above article which need great qualification, since it cannot be said truthfully that Maine produces nothing but spars for ship building

The fact is that many stately ships have been built of white oak of the growth of Maine, and some ships are now in the course of construction from Maine grown white oak This kind of timber, convenient to navigable waters is getting scarce, to be sure, and hence the oak lumbering referred to But the oak timber is not yet all gone from Maine, and many frames will yet be set up from it Besides the masts spars and white pine which Maine produces in abundance and great perfection, there is the hackmatack timber and knees, the latter certainly very important, and the greater portion of which Maine furnishes for all New England and some for New York The hackmatack timber is well liked for the tops of ships Then again Maine furnishes about all the deck plank for New England, and also Norway pine which by many is considered equal to the Southern or hard pine So much in the way of large ship ping

When we come to speak of the coasting and fishing vessels, we find that Maine produces most if not all the timber required in their construction The noble rock maple, yellow birch, and beech for the keels and bottoms of vessels of this class grow here in great abundance and perfection The tops of these vessels are made of juniper of which there is no lack in this State Vessels thus constructed are found to be durable, serviceable and profitable

The natural resources of Maine point her out as preeminently a Commercial Ship building State Her resources have drawn the attention of her people to this interest, and caused the State to assume a high rank among her sisters for her wealth in navigation But the progress she has made falls greatly short of what she should have made in proportion to the extent and value of her resources

We cannot forbear saying here, since our Newburyport friend gives the enterprise of the people so much credit, and the natural resources of the State so little credit for what is done here in ship building, that great as are the advantages of Maine for Commerce, they are equally great for manufacturing At present her lumber absorbs a large portion of the business enterprise of her people, and will continue to do so for some time, but gradually the other resources of the State will be developed and by and by her mineral wealth will appear, and the firm health and sturdy enterprize of her citizens will be developed in other directions not only in commerce, lumber and the fisheries, but in internal navigation, in manufacturing power, and in agricultural advantages

The Trial of Christ.

This striking and highly interesting groupe of statuary is now on exhibition at Market Hall and should be visited by all our citizens The imposing and solemn scene represents that point in the trial of Christ when Caiaphas says to him, "I adjure thee, by the living God, that thou tell us whether thou be Christ, the Son of God, thus putting him upon his oath, before God' Jesus answers, 'Thou has said, nevertheless, I say unto you, hereafter shall ye see the Son of man sitting on the right hand of power, and coming in the clouds of heaven' This answer was equivalent to calling himself the Son of God, which of course was considered by the High Priest, blasphemy, and he immediately raises his hands in affected horror, and says, 'He hath spoken blasphemy, what further need have we of witnesses? Behold ye have heard his blasphemy'

By bearing this in mind the spectator will better appreciate the merits of the work and be able to account for the gestures and particular expressions of each figure, which is so admirably in accordance with its character and feeling at that moment

☞ The Bangor Democrat seems to be trying to make it out that what is very proper and just when done by a Locofoco administration is very improper, unjust and abominable when done by a Whig administration It is very right for a Loco president to call his political friends to fill the offices in the country, but it is very wrong for a Whig president to do so It is right for locos to fill public offices, but wrong for Whigs to do so This may all be as the Democrat tries to make it out, but the people generally do not agree with him There is no great need of making a long talk to show that the Democrat is entirely mistaken in its views of this subject A statement of the case clearly reveals the absurdity of its position

☞ We are indebted to our young friend Charles W Roberts for a copy of the Catalogue of the officers and students of Bowdoin College, and the Medical School of Maine Number of Students of the College 110 Medical Students 74, making a total of 184 This pamphlet is beautifully printed and the title page is in bronze. But how happens it that it was printed in Troy New York? This is a violation of that good law 'support your own'

☞ We publish the card of Messrs Ames & Goodwin to-day, and they are prepared to supply their customers with fine cuts of beef, to-day specially of the famous Hinckly ox, and any day of most kinds to be found in the Market

It has just been decided in New York, that a man travelling in a railroad car has a right to reclaim his seat if he should leave it, from any body who may occupy it.

Removals and Appointments.

We copy from the Baltimore Patriot the following letter from its Washington correspondent, on a subject of great interest at this time to many of the *ins* and *outs*.

Washington, May 8, 1849 —The list of removals and appointments officially published in the city papers this morning, is quite formidable It looks well in the eyes of all good Whigs Let us have more of the wholesome work and that speedily So the Whigs all say—away we all

Gen Taylor commenced his part of the work right He appointed straight out Whigs, every one of them, to fill the places in his Cabinet, and he said to them, "Now, gentlemen, go ahead and perform your duty I shall not interfere with or attempt to restrict you in the performance of your legitimate duties"

It is the prompt, energetic and healthful action of the Secretaries which the Whig party calls for all over the country, and which the people expect, and for the most part, desire

The appointments and removals, made yesterday and published in the papers of this morning, were the work mostly of Mr Ewing, Secretary of the Interior They were mostly of the State of Arkansas It will be seen, by a glance at them, how beautifully the late Locofoco Administration had Arkansas studded all over with Locofoco Government officials A change will now come over the spirit of their dreams

Mr Secretary Ewing begins well Let him progress The people will sustain him But they will not sustain him in retaining Pol Locofoco electioneering electionwhangers, in the comfortable public offices, to which they were appointed by Mr Polk for their partizan services Let that fact be marked

The people will sustain each and all the heads of the departments in the good work of giving a respectable proportion of the offices of the Government, now held by their bitter opponents, who have no particular right to them, to the keeping of honest and capable men who are their friends

This is a Whig administration—the people desire the last administration New boots are pinned—New measures are to be enacted The administration needs its friends in the principal offices, and not bitter Locofocos, to aid it in carrying out the new measures The Whig party calls on it, the country expects it

Our party is strong enough to maintain its ascendency, if the administration will take the straight-forward Whig track—if in a word, the members of the Cabinet will carry out the examples set them by General Taylor, when he appointed them all, true Whigs, to their present stations But if they refuse or neglect to do this, then our party will lose its ascendancy —and it ought to

I write plainly I am no man's man I condemned the late administration for its many follies and blunders, and for its Nepotism And hold myself ready to condemn what errors I shall find in the administration, with the same freedom of the pen Nepotism now, as heretofore, will find no quarter in this correspondence whether it shows its front in the acts of Cabinet officer or of an ex-member of Congress

Complaint is made, and made justly, that there are no more changes in the public offices here in this city Many Locofocos who came into office with the Polk administration, and others who were in before, have made themselves particularly obnoxious to the people generally They are of the rank copper head species of politicians They have poison in them And yet they hold their places up to this the third month of the Whig administration, to the exclusion of honest and capable Whigs who did hard work in the cause which brought about the elevation of the present members of the Cabinet

Up to this day there have been about 15 removals in this city, all told, out of more than 900 officials

It is understood even that there are ten vacancies in the Treasury Department unfilled

An officer one of the Department has handed to me a statement which he says a Locofoco Committee made [...] the employers of the Government in this city in order to ascertain what Whigs there might be, for decapitation. The Committee reported the names of 742 Locofocos and 163 Whigs

If Cass and Butler had succeeded, where now, in the third month of the Administration, would those 163 Whig clerks and messengers be?

The rumor that Mr Second Auditor Clayton, had recommended six removals in his bureau, and that Mr Secretary Meredith had rejected outright the Auditor's recommendation, is not true As a general rule, the Secretary always pays deference to the recommendations of the heads of the bureaus of his Department, and sanctions them, unless he possesses information in some cases not known to the head of a bureau, which ought to have weight in the matter

Mr Clayton has sent the names of some six or eight clerks in his bureau to Mr Meredith for removal, and in due time the Secretary of the Treasury will act in the matter As yet he has not done so

Fire in Portland.

Last night a fire broke out in the cooper's shop of Mr Edwin Fernald on Maine wharf The fire extended with great rapidity, and several buildings on Maine and Stone wharf were soon enveloped in flames The buildings on Stone wharf were occupied by Messrs Chase & Coating, coopers, James L Boyd do., and Martell & Dyer boat builders, and were all destroyed, together with their contents, and considerable lumber on the wharf, of which there was a large quantity, as a part of the wharf was occupied as a lumber yard by Mr Dyer

On Maine wharf, the cooper's shop of Mr Edward Fernald, and a large three story building, h[...] occupied for the storage of fish, casks &c, by the same gentleman was also entirely destroyed, together with most of their contents

A two story dwelling house at the head of the wharves, occupied by several families and belonging to Mr Dyer, was considerably damaged by fire —[Portland Adv, 14th

Child Lost and Found.

A little child of Mr Stephen Davis, of Guilford, N H aged two years and four months, strayed from home on Sunday, 29th ult, and was not recovered again until the Tuesday afternoon following, having been absent between fifty and sixty hours, with no clothing upon its head and shoulders The child was found upon the top of a mountain about a mile from home, lying upon his face asleep The mountain is so steep and ledgy, covered with old trees which have fallen, and underbrush, that it is very difficult for a man to climb it

Gold is the God of this world Only whisper the word, and its worshippers fall down on their knees. Breathe it in the valley and it is heard at the mountain top Tell where it can be found, and the millions run to the spot faster than they would go to heaven

The bark Dolphin, which cleared at N Orleans on the 26th, for Boston, returned to the Southwest pass on fire, where she was scuttled, and sunk The cargo was saved

The jury of inquest summoned to investigate the circumstances attending the death of the victims of the late riot, have returned a verdict to the effect that under the circumstances the deaths were caused by gun shot wounds received on Thursday evening—that the act of firing upon the mob was justifiable, but the jury believed that had a larger police force been on the ground, loss of life would have been avoided

[...] to the public for our frequent newspaper trials, as our Company was not organized for apparatus trials, for a *play* upon words we intend to yield the ground to those who claim the last word"

But not being willing to leave any one in the dark, where light may be of some future service, we would say that a remark made by one of the Committee after the charges come out against them, will explain the cause of their silence It was this —"That such contemptible meanness was not worth noticing" And which will no doubt explain what seems strange to Mr Fenno that Engineers did not *know* that they were insulted by former efforts to insult them

Mr Fenno remarks that "the conduct of No. 6 has made it necessary to be more guarded," another requisition is imposed by us in order to secure any future intercourse *be more manly and honorable* The statements in the former communication respecting the notice of Mr Littlefield of our readiness to finish the games are *still true* and *their* notice as contained in the communication of Mr. Fenno in yesterday's Whig is denied by Mr Littlefield —placed among the already *numerous false statements* from that quarter, and it calls forth the inquiry *what shall we think of the man* who wantonly makes them?

A word about the protest Previously to the trial on Thomas' Hill Mr Littlefield protested against the alterations &c that had been put upon the Cylinders of No 3 Mr Fenno denied that there had been any, but Mr Johnson's Books prove that something was done to the Cylinders, the denial notwithstanding

That No 3 has a nicely arranged stop-cock in the bottom of her tub I have seen and was told by a member of No 3 that it was 1 1-4 inch in size, and this is *not denied.* That a large stream of water ran from her, all the time we were playing into her, is equally a matter of fact, and can be proved by many witnesses

That it came over her tub, Mr Fenno denies, as does also many of the company But the pipe being over on the other side of the hill could not have discharged it there? Where did the water come from? No. 3 was charged with the trick by one who says he saw it, and it was not denied, and is believed by us still to be true. Thus added to the fact that the company used as a reason to one of the Committee, for so much water running from her, "that there was *a leakage* in the bottom," would seem to call for an explanation from some other source than from us.

LATEST AND BEST IMPROVED

Patent Bedstead.

THE Subscriber have purchased the right of
manufacturing and selling the HINKLEY'S
IMPROVED PATENT BEDSTEAD for
the city of Bangor
The improvement is simple in its construction
and consists in a substantial Bottom
Bed Cord which shall be elastic and full the
advantage of a Slat or Sack Bed stead while
at the same time it serves to secure the joints and
is compactly put together without screws It can
be fitted to any Bedstead old or new with much
less time and labor than is required to put in a

COMPOUND EXTRACT OF

SARSAPARILLA,

Wonder and Blessing of the Age

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD

This Extract is put up in Quart Bottles—it is six times cheaper pleasanter and warranted superior to any sold It cures without vomiting, purging, sickening or debilitating the Patient

The great beauty and superiority of this Sarsaparilla over all other medicine is, while it eradicates disease it invigorates the body. It is one of the very best SPRING AND SUMMER MEDICINES ever known it not only purifies the whole system and strengthens the person, but it *creates new, pure and rich blood* a power possessed by no other medicine And in this lies the grand secret of its wonderful success — It has performed within the last five years, more than 100,000 cures of severe cases of disease, at least 15 000 were considered incurable It has saved the lives of more than 5 000 children during the two past seasons

10,000 CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY

Dr Townsend's Sarsaparilla invigorates the whole system permanently To those who have lost their muscular energy by the effect of medicine or indiscretion committed in youth, or the excessive indulgence of the passions and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline hastening toward that fatal disease, Consumption can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

INVIGORATING CORDIAL,

As it renews and invigorates the system, gives activity to the limbs and strength to the muscular system in a most extraordinary degree

CONSUMPTION CURED.

Cleanse and Strengthen Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or profuse Expectoration, Pain in the Side, &c, have been and can be cured

SPITTING BLOOD

New York, April 28, 1847

Dr Townsend—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life I have for several years had a bad cough It became worse and worse At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced and did not expect to live — I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me I am now able to walk all over the city I raise no blood, and my cough has left me You can well imagine that I am thankful for these results

Your obedient servant,

WM RUSSELL, 65 Catharine st

RHEUMATISM

This is only one of more than four thousand cases of Rheumatism that Dr Townsend's Sarsaparilla has cured The most severe and chronic cases are weekly eradicated by its extraordinary virtues

James Cummings, Esq one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter:

Blackwell's Island, Sept 14, 1847

Dr Townsend—Dear Sir I have suffered terribly for nine years with the Rheumatism, considerable of the time I could not eat sleep or walk I had the most distressing pains, and my limbs were terribly swollen I have used four bottles of your Sarsaparilla and they have done me more than one thousand dollars worth of good. I am so much better—indeed, I am entirely relieved You are at liberty to use this for the benefit of the afflicted Yours, respectfully,

JAMES CUMMINGS

FITS! FITS! FITS!

Dr Townsend not having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County

Fordham, August 13, 1847

Dr Townsend—Dear Sir I have a little girl, seven years of age, who has been several years afflicted with Fits we tried almost every thing for her, but without success, at last, although we could find no recommendation in your circulars for cases like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did, for it not only restored her strength, but she has had no return of the Fits, to our great pleasure and surprise [illegible] which we feel grateful Yours respectfully,

JOHN BUTLER, Jr

FEMALE MEDICINE

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri or Falling of the Womb, Costiveness, Piles, Leucorrhea or Whites, obstructed or difficult Menstruation Incontinence of Urine or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes produced by irregularity, illness, or accident Nothing can be more surprising than its invigorating effects on the human frame Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence It immediately counteracts the nervelessness of the female frame, which is the great cause of Barrenness — It will not be expected of us, in cases of so delicate a nature to exhibit certificates of cures performed, but we can assure the afflicted that hundreds of cases have been reported to us Thousands of cases where families have been without children after using a few bottles of this invaluable medicine, have been blessed with fine healthy offspring

TO MOTHERS AND MARRIED LADIES

This extract of Sarsaparilla has been expressly prepared in reference to female complaints No female who has reason to suppose she is approaching that critical period, "*The turn of life,*" should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life This period *may be delayed for several years by using this medicine* Nor is it less valuable for those who are approaching womanhood as it is calculated to assist nature by quickening the blood and invigorating the system Indeed this medicine is invaluable for all the delicate diseases to which women are subject

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation—which is the case of most medicines taken for female weakness and disease By using a few bottles of this medicine, many severe and painful surgical operations may be prevented

GREAT BLESSING TO MOTHERS AND CHILDREN.

It is the safest and most effectual medicine for purifying the system and relieving the sufferings attendant upon child birth ever discovered It strengthens both the mother and child, prevents pain and disease, increases and enriches the food—those who have used it think it is indispensable It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth—in Costiveness, Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully, very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement

BEAUTY AND HEALTH

Cosmetics, Chalk, and a variety of preparations generally in use when applied to the face, very soon spoil it of its beauty. They close the pores of the skin and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, beautifies its own production in the "human face divine," as well as in the garden of rich and delicately tinted and variegated flowers A free, active and healthy circulation of the fluids or the coursing of the pure, rich blood to the extremities is that which paints the countenance in the most exquisite beauty. It is that which imparts the indescribable shades and flashes of loveliness that all admire but none can describe This beauty is the offspring of nature—not of powder or soap If there is not a free and healthy circulation, there is no beauty If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold, and impure she is not beautiful If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating

This is the reason why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes, and beautiful complexions, they should use Dr Townsend's Sarsaparilla Thousands who have tried it, are more than satisfied, are delighted. Ladies of every station crowd our office daily.

NOTICE TO THE LADIES.

Those that imitate Dr Townsend's Sarsaparilla have invariably called their stuff a *great remedy for females*, &c, &c, and have copied our bills and circulars which relate to the complaints of women, word for word—other men who put up medicine have, since the great success of Dr Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not. A number of these Mixtures, Pills, &c, are injurious to females, as they aggravate disease, and undermine the constitution.

SCROFULA CURED.

This Certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood. Three persons cured in one house is unprecedented.

THREE CHILDREN.

Dr. Townsend. Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine.— They were afflicted very severely with bad sores; have taken only four bottles; it took them away, for which I feel myself under great obligation. Yours respectfully,

ISAAC W CRAIN, 106 Wooster st.

OPINIONS OF PHYSICIANS.

Dr Townsend is almost daily receiving orders from physicians in different parts of the Union.

This is to certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr. Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations of the Sarsaparilla in the market. Albany, April 1, 1846.

CAUTION.

Owing to the great success and immense sale of Dr Townsend's Sarsaparilla, a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixirs, Bitters, Extracts of Yellow Dock, &c They generally put it up in the same shaped bottles, and some of them have stole and copied our advertisements —they are worthless imitations, and should be avoided

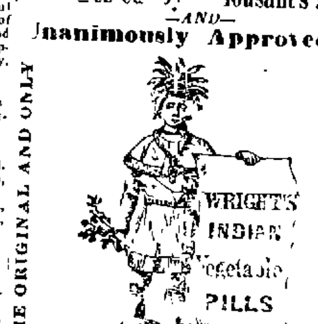
THE ORIGINAL AND ONLY GENUINE INDIAN MEDICINE.



It is not our wish to trifle with the health of the community We desire to be governed by a sacred regard to truth in whatever is here stated in relation to this extraordinary medicine, and it is this feeling of sincerity and good faith which prompts us again and again to call attention to it We believe that no article has ever been discovered that has conferred a greater amount of benefit on the community, and the more it is known the better it is appreciated

SAVE YOUR DOCTOR'S BILLS

Thousands of dollars of doctor's bills have been saved by the use of this medicine, and there is little doubt that if it were more generally resorted to than it is, sickness would in most cases be prevented

New York, April 17, 1848

This is to certify that I have used Wright's Indian Vegetable Pills in my family for more than four years, and as a family medicine believe them the best in the world During that period I have had no occasion for a physician, though my daughter and wife have been very low several times WILSON TREADWELL,

NERVOUS DEBILITY—LOSS OF ENERGY

Wright's Indian Vegetable Pills speedily and permanently restore the declining powers of the human body This may at first be doubted, but no fact is better established Those who use the *so called* Sarsaparillas for this purpose, overlook In doing so, a medicine far less expensive and more effectual

Clymer, Chautauque Co, N Y, Oct 5, 1848

Dr Wm Wright—Sir—For the last three or four years I had been gradually running down and finally became so weak that I was unable to perform my usual labor. I was advised to try your Indian Vegetable Pills, and I am gratified to state that by the use of three or four boxes I began to feel like myself again, and am now [illegible] I can commend your Pills to the afflicted, with confidence that they will be found a medicine of great efficacy and value Yours truly,

DR. WARREN'S

Sarsaparilla, Tomato and Wild Cherry

PHYSICAL BITTERS,

At 50 Cents per Bottle!

SARSAPARILLA, Tomato and Wild Cherry Bitters have now become a standard medicine, universally approved by physicians as a safe, speedy and effectual remedy for *Scrofulous, Mercurial and Cutaneous Diseases*, Jaundice, Indigestion, Dyspepsia, Bilious Disorders, Liver Complaints, Costiveness, Weak and Sore Stomach, Ulcers and Running Sores, Swelling of the limbs, Pain in the Bones, Tumors in the Throat, Rheumatic Affections, Salt Rheum, Erysipelas, bad Humors, Eruptions on the face or body, Cancerous Sores, King's Evil, Chronic Catarrh, Languor, Debility, Headache, Dizziness, Sallow Complexion, and all those disorders which arise from the abuse of Mercury, or from an impure taint in the blood, no matter how acquired.

The extract here presented is prepared after directions given by the celebrated Dr. Warren, whose name it bears, and will be found superior to any preparation of the kind now in use. It is highly concentrated, entirely vegetable, and very finely flavored to the taste The change which it produces in the condition and tendency of the system *is speedy and permanent.*

As a *Spring Medicine* for purifying the blood—strengthening the stomach and body—and checking all consumptive habits—the Sarsaparilla, Tomato and Wild Cherry Bitters are entirely unrivalled

Knowing *many years ago* that he had by his skill science and experience devised an article which would be of incalculable advantage to mankind when the means would be furnished to bring it into universal notice when its inestimable virtues would be known and appreciated This time has come the means are supplied This

GRAND AND UNEQUALLED PREPARATION

is manufactured on the largest scale and is called for throughout the length and breadth of the land especially as it is found incapable of deterioration or [illegible]

Unlike young S P Townsend's it improves with age and never changes but for the better [illegible] *prepared on scientific principles by a scientific man.* The highest knowledge of Chemistry and the [illegible] discoveries of the art have all been brought into [illegible] the manufacture of the Old Dr's Sarsaparilla [illegible] Sarsaparilla root it is well known to medical men contains in thy medicinal properties, and some properties which are inert or useless and others which [illegible] in preparing it for use produce [illegible] and acid which is injurious to the system [illegible] the proper [illegible] Sarsaparilla are so volatile that they entirely evaporate and are lost in the preparation if they are not preserved by a *scientific process* known only to those experienced in its manufacture Moreover these *volatile principles* which fly off in vapor [illegible] under heat, are the very *essential medical properties* of the root which give to it all its value

Any person can boil or stew the root till they get a dark colored liquid which is more from the coloring matter in the root than from anything else they can then strain this insipid or vapid liquid sweeten with sour molasses and then call it "SARSAPARILLA EXTRACT or SYRUP" But such is not the article known as the

GENUINE OLD DR JACOB TOWNSEND'S SARSAPARILLA

This is so prepared that all the inert properties of the Sarsaparilla root are first removed, every thing capable of becoming acid or of fermentation is extracted and rejected, then every particle of medical virtue is secured in a pure and concentrated form, and thus it is rendered incapable of losing any of its valuable and healing properties Prepared in this way it is made the most powerful agent in the

Cure of innumerable diseases.

Hence the reason why we hear commendations on every side in its favor by men women, and children We find it doing wonders in the cure of *CONSUMPTION DYSPEPSIA and LIVER COMPLAINT*, and in *RHEUMATISM SCROFULA PILES COSTIVENESS ALL CUTANEOUS ERUPTIONS PIMPLES, BLOTCHES*, and all affections arising from

IMPURITY OF THE BLOOD.

It possesses a marvellous efficacy in all complaints arising from *Indigestion* from *Acidity of the Stomach* from unequal circulation determination of blood to the head palpitation of the heart, cold feet and hands cold chills and hot flashes over the body It has not its equal in *Colds* and *Coughs* and promotes easy expectoration and gentle perspiration, relaxing stricture of the Lungs, throat, and every other part

But in nothing is its excellence more manifestly seen and acknowledged than in all kinds and stages of

FEMALE COMPLAINTS

It works wonders in cases of *Fluor Albus or Whites Falling of the Womb Obstructed Suppressed* [illegible] *Menses Irregularity* of the menstrual periods and the like, and is as effectual in curing all the forms of *Kidney Disease*

By removing obstructions and regulating the general system, it gives tone and strength to the whole body and thus cures all forms of

Nervous diseases and debility,

and thus prevents or relieves a great variety of other maladies as *Spinal Irritation Neuralgia St Vitus' Dance Swooning Epileptic Fits Convulsions* &c

It cleanses the blood excites the liver to healthy action tones the stomach and gives good digestion, relieves the bowels of torpor and constipation allays inflammation purifies the skin equalizes the circulation of the blood producing gentle warmth equally all over the body and the insensible perspiration relaxes all strictures and tightness removes all obstructions and invigorates the entire nervous system Is not this then

The medicine you pre-eminently need!

But can any of these things be said of S P Townsend's inferior article? This young man's liquid is not to be

COMPARED WITH THE OLD DR'S

because of one GRAND FACT, that the one is INCAPABLE of DETERIORATION and

NEVER SPOILS,

while the other DOES *souring fermenting* and *blowing the bottles containing* it into fragments the sour acid liquid exploding and damaging other goods Must not this horrible compound be poisonous to the system?— *What! put acid into a system already diseased with acid!* What causes Dyspepsia but acid? Do we not all know that when food sours in our stomachs what mischiefs it produces? flatulence, heartburn palpitation of the heart liver complaint diarrhoea dysentery colic and corruption of the blood? What is Scrofula but an acid humor in the body? What produces all the humors which bring on Eruptions of the Skin, Scald Head Salt Rheum Erysipelas White Swellings Fever Sores and all ulcerations internal and external? It is nothing under heaven but an acid substance which sours and thus spoils all the fluids of the body more or less. What causes Rheumatism but a sour or acid fluid which insinuates itself between the joints and elsewhere irritating and inflaming the delicate tissues upon which it acts? So of nervous diseases, of impurity of the blood of deranged circulations, and nearly all the ailments which afflict human nature

Now is it not horrible to make and sell, and *infinitely worse* to use this

SOURING, FERMENTING, ACID "COMPOUND" OF S P TOWNSEND,

and yet he would fain have it understood that Old Dr Jacob Townsend's *Genuine Original Sarsaparilla*, is an IMITATION of his inferior preparation!

Heaven forbid that we should deal in an article which would bear the most distant resemblance to S P. Townsend's *article!* and which should bring down upon the Old Dr such a mountain load of complaints and criminations from Agents who have sold and purchasers who have used S P. Townsend's FERMENTING COMPOUND.

We wish it understood because it is the *absolute truth*, that S P Townsend's article and Old Dr Jacob Townsend's Sarsaparilla are *heaven-wide apart, and infinitely dissimilar*; that they are unlike in every particular having not one single thing in common.

As S P Townsend is no doctor and never was, is no chemist, no pharmaceutist—knows no more of medicine or disease than any other common, unscientific unprofessional man, what guarantee can the public have that they are receiving a genuine scientific medicine, containing all the virtues of the articles used in preparing it, and which are incapable of changes which might render them the AGENTS of Disease instead of health.

But what else should be expected from one who knows nothing comparatively of medicine or disease? It requires a person of some experience to cook and serve up even a common decent meal How much more important is it that the persons who manufacture medicine designed for

WEAK STOMACHS AND ENFEEBLED SYSTEMS

should know well the medical properties of plants the best manner of securing and concentrating their healing virtues, also an extensive knowledge of the various diseases which affect the human system and how to adapt remedies to these diseases

It is to arrest frauds upon the unfortunate, to pour balm into wounded humanity, to kindle hope in the despairing bosom, to restore health and bloom, and vigor into the crushed and broken and to banish infirmity that OLD DR. JACOB TOWNSEND has SOUGHT and FOUND the opportunity and means to bring his

Grand Universal Concentrated Remedy

within the reach, and to the knowledge of all who need it, that they may learn and know, by joyful experience, its

Transcendent Power to Heal.

HARTS' VEGETABLE EXTRACT

Is the only remedy that can be relied on for the permanent cure of Spinal Complaints, Spasmodic Contractions, Irritation of the Nerves, Nervous or Sick Headache, Nervous Tremors, Neuralgic Affections, Apoplexy, Paralysis, General debility, Deficiency of Nervous and Physical Energy, and all Nervous Disorders, including the most dreadful of all diseases that ever affect the human race

EPILEPTIC FITS,

or Falling Sickness, Hysterical Fits, Convulsions, Spasms &c Dr Hart would impress it upon the minds of the afflicted, that the Vegetable Extract is the only remedy ever discovered that can be relied on for the permanent cure of this most dreadful of all diseases Assits tendency is to insanity, madness and death, the most

SKILLFUL PHYSICIANS

of Europe, as well as those of our own country, have pronounced Epilepsy incurable And it has been so considered by many, until this most important of all discoveries was made by Doctor S Hart, nearly sixteen years since, during which time it has been performing some of the most

REMARKABLE CURES

upon record, and has acquired a reputation which time alone can efface Physicians of undoubted skill and experience ministers of various denominations, as well as hundreds of our eminent citizens all unite in recommending the use of this truly valuable medicine to their patients, charge and friends, who are thus afflicted as the only remedy

WE QUOTE THE LANGUAGE

used by those who have been cured by this valuable medicine One says "I have suffered beyond my power of description but now I rejoice in being fully restored to health and happiness" Another says, "I thank God I feel that I am a well man I also feel it my duty to proclaim it to the ends of the earth, that those similarly afflicted may find relief Another (who is an

EMINENT LAWYER,

and well known in this city,) says "my son has been afflicted for years with Epilepsy but is now enjoying good health from the Vegetable Extract Its fame" says he, "should and ought to be sounded to the ends of the earth" Another says "Language is entirely inadequate to express my gratitude to Dr Hart, for having been the means under the blessing of God, of restoring me to good health after having been afflicted with Epilepsy in its worst forms for more than twenty three years, and my morning and evening oblation of praise and thanksgiving shall continue to ascend to that God who has afflicted but to make me whole"

Mrs J Bradley 115 Orchard street, New York, states that she has been subject to Fits for many years, and has been restored to perfect health (after every other means had failed) by the use of the Vegetable Extract

Dr Charles A Brown of Dover Russell co, Alabama, who is one of the first Physicians in the State, says that he has been much benefited by the use of the Vegetable Extract and that he unhesitatingly pronounces it in every case of Epilepsy which comes under his knowledge.

Curtis G Marberry, Esq formerly Postmaster at Lime Mills Crawford Co, Pa, now living in Erie Co Pa, states that for many years past he has been sorely afflicted with Fits, and is now happy to state that a persevering use of Dr Hart's Vegetable Extract has restored him to sound health, being entirely freed from that worst of all diseases

Mr Stephen D Pratt, corner of Sixth Avenue and Twenty sixth Street, New York states that Mr Charles D Boughton, a member of his family, has been severely afflicted with Epileptic Fits for many years that he was obliged to relinquish his business Having used Dr Hart's Vegetable Extract [says Mr P] he was soon restored to perfect health, and left this city for the State of Ohio to resume his business

Rev Mr Smith, Rector of St Peter's Church, Spotswood New Jersey, who has been afflicted with Epileptic Fits for more than forty years, states that he has used Dr Hart's Vegetable Extract, and his health has been so much improved that he hopes by Divine blessing to have no more Fits

EPILEPTIC FITS,

For twenty seven years and six months, cured by the use of this truly wonderful medicine.

Read the following remarkable case of the son of Wm Secore, Esq, of Philadelphia, afflicted with Epileptic Fits for twenty seven years and six months — After travelling through England Scotland Germany, and France, consulting the most eminent physicians, and expending for medicine, medical treatment and advice three thousand dollars, returned with his son to this country in November last, without receiving any benefit whatever and was cured by using

HART'S VEGETABLE EXTRACT

I have spent over three thousand dollars for medicine and medical attendance I was advised to take a tour to Europe with him, which I did I first visited England I consulted the most eminent physicians there in respect to his case they examined him and prescribed accordingly I remained there three months without perceiving any change for the better, which cost me about two hundred and fifty dollars, pocketed by the physicians, and the most that I received was their opinion that my son's case was hopeless, and

POSITIVELY INCURABLE

I accordingly left England, travelled through Scotland, Germany and France, and returned home in the month of November, with my son as far from being cured as when I left I saw your advertisement in one of the New York papers, and concluded to try Hart's Vegetable Extract, seeing your statements and certificates of so many cures, some of twenty and thirty years standing and I can assure you I am not sorry I did so, as by the use of Hart's Vegetable Extract he was restored to

PERFECT HEALTH

His reason, which was so far gone as to unfit him for business is entirely restored, with the prospect now before him of life, health and usefulness He is now 25 years of age, and 27 years 6 months of this time he has been afflicted with this most dreadful of diseases, but thank God is now enjoying good health

Now sir, faith without works I don't believe in — To say I shall be ever grateful to you is one thing and as I here enclose you one hundred dollars I have no doubt you will think this another and quite a different thing. The debt of gratitude I still owe you, but please accept this amount as interest on the debt in advance Yours very respectfully

(Signed) WILLIAM SECORE
